Program Objective

The objective of SSHRC Exchange - Scholarly Publications Grant is to support and enhance manuscripts accepted for publication by a press that employs peer-review. The goal of the program is to fund excellence and innovation.

Award Value

The maximum allowable for the SSHRC Explore - Standard Research and Research Creation Grant and SSHRC Exchange - Scholarly Publications Grant combined is $7,000 per Researcher per competition Cycle and the award is granted for a period of 24 months beginning January 1st. Any grant funds not used by the end of that period will be returned to the ARB.

Please Note: Depending on the number of high-quality applications received, the ARB may be unable to fund all applications at the level requested and there is no guarantee of funding for each application submitted.

Competition Dates

Each year there is one SSHRC Exchange - Scholarly Publications Grant competition. A completed SSHRC Exchange - Scholarly Publications Grant application form must be received by ROADS by 4:30pm on the deadline date, October 31st. (Next business day if the deadline falls on a weekend or statutory holiday.)

SSHRC Exchange - Scholarly Publications Grants can be applied retroactively within a 12 month period, e.g. all publication costs between January 1 to December 2017 could be submitted for adjudication in the Fall 2018 applications (with the grant start date of January 1 2019).

Requests for conference attendance and representational activities may not be included in a SSHRC Exchange - Scholarly Publications Grant application. A separate Conference Attendance and Representational Activities Grant application must be completed.

Please note: Any publications supported by ARB funds shall acknowledge the assistance from the University.

Researchers who intend to apply for ARB grants are encouraged to contact their Faculty Deans and the Research Office for Administration, Development & Support (ROADS), for proposal development guidance.

Eligibility Criteria

To be eligible for ARB funding an applicant must be affiliated with McMaster University and must be eligible for SSHRC funding under the SSHRC Institutional Grant (SIG) Program. The following will be considered affiliated with McMaster University:

- Faculty members of McMaster University with a tenured or tenure-stream academic appointment.
- Former faculty members of McMaster University who have retired while holding a tenured academic appointment.
- Persons holding at least a one-year appointment at McMaster University. In the event the grantee's appointment at McMaster ends, unspent funds remaining at that time will be returned to the Arts Research Board.
- Postdoctoral fellows who are conducting scholarly activity in the Humanities or Social Sciences and who are supervised by a faculty member of McMaster University who holds a tenured or tenure-stream appointment.
- Individuals who hold teaching track or non-tenure track positions are eligible to apply for ARB funding for research, provided they obtain explicit permission from their Faculty Deans.
• Other persons, including Adjunct Professors and Professional Librarians, who hold permanent appointments at McMaster University and who meet SSHRC eligibility criteria for SIG funding.

Students and visiting fellows or scholars are NOT eligible to apply for ARB funding. However, SSHRC encourages the employment of students in SIG-funded research.

Release Time Stipends (RTS) are not allowed under SIG rules. RTS requests must be addressed at the institutional level.

New Scholars
Applicants may request consideration as new scholars. Applications from new scholars will be adjudicated separately from all other applications. To have their applications adjudicated as new scholars, applicants must demonstrate that they have not been the principal investigator on a previous successful research grant from the Tri-Agency (SSHRC, NSERC, CIHR) and that one or more of the following applies:

• They completed their highest university degree within five years of the competition deadline;
• They have held a tenure-track university appointment at any university for five years or less;
• They have held an appointment at a university where tenure-track positions are offered, but never a tenure-track position; or
• They have had their career interrupted or delayed for family reasons.

Postdoctoral Fellows
• As postdoctoral fellows satisfy the eligibility criteria, they may be considered new scholars.
• Applications from postdoctoral fellows and individuals holding contractually-limited appointments must include a work plan showing how the work for which funds are being sought will be completed within the contract period.

Students and visiting fellows or scholars are not eligible to apply for ARB funding. However, SSHRC encourages the employment of students in SIG-funded research.
